

CHRISTIANS AWAKENING TO A NEW AWARENESS

CANA Study Day

Saturday 10 March 2012

at the Sion Centre, London, 10.30am-4.30pm

Are you ready for the next Quantum Leap ?

led by Sister Ishpriya

Sister Ishpriya writes: *In these times of radical change, challenge and confusion it is urgent that we listen deeply to the (Divine) Mystery within and all around us. Only thus will we find the wisdom to discern the path of survival and the courage to respond. This day will offer the opportunity to reflect on the foundational questions and choices of living a life of faith - conviction, now.*

As a Catholic nun, born in England, Sister Ishpriya has lived in India for more than twenty-five years. She is an English member of an international catholic religious congregation, The Society of the Sacred Heart; She left Europe for India in 1971 and since 1974 she has lived in the foothills of the Himalayas, a Christian presence among Hindu Sanyasis, committed to inter-faith dialogue in a spirit of mutual understanding and common search.
